

Uravan Announces

Uravan Minerals Inc. (“Uravan”) (TSXV: UVN) announces that Dr. Allan Miller has resigned as Vice-President of Exploration and as a member of the Board of Directors of Uravan. Uravan was pleased to have Dr. Miller participate as a member of the Board and would like to acknowledge the immense technical contribution he made to Uravan’s exploration projects. We wish him well in his future endeavors.

About Uravan Minerals Inc.

Uravan Minerals Inc. (“Uravan”) is a Calgary, Alberta based mineral exploration company specializing in uranium, base metal (nickel, copper) and precious metal (gold, platinum, and palladium) exploration. Uravan’s principal assets are the Boomerang uranium project, the Garry Lake uranium property and the Rottenstone Nickel-Copper-PGE project. Due to the increase in the uranium spot prices, going from \$7.10 per pound U₃O₈ in 2000 to \$64.50 recently, Uravan has focused on exploration for potential high-grade unconformity-type uranium deposits on its joint Cameco-Uravan Boomerang uranium project and its Garry Lake uranium project plus acquiring additional uranium properties in other potential geological domains. Uravan is a publicly listed company on the TSX Venture Exchange under the trading symbol UVN. Uravan has 26,707,614 shares outstanding and approximately \$11.0 million in working capital. All of the mineral properties Uravan owns are considered in the exploration stage of development.

This press release may contain forward looking statements including those describing the Corporation's future plans and the expectations of management that a stated result or condition will occur. Any statement addressing future events or conditions necessarily involves inherent risk and uncertainty. Actual results can differ materially from those anticipated by management at the time of writing due to many factors, the majority of which are beyond the control of the Corporation and its management.
